Provides relative to driver education.(8/1/12)

Present law requires a first time applicant for a driver’s license who is a minor under the age of 17 to present evidence of completion of a driver education course which consists of not less than 8 hours of actual driving instruction and 30 hours of classroom instruction and includes instruction relative to the economic effects of littering. Present law requires a first time applicant for a driver’s license who is age 17 or older who has not completed a driver education course to complete a prelicensing training course which consists of a minimum of 6 hours of instruction. Proposed law changes present law to require driver education for applicants who are under the age of 18. Proposed law requires prelicensing training courses for a first time applicant who is 18 or older who has not completed a driver education course and that such training shall consist of a minimum of 6 hours of classroom instruction and a minimum of 8 hours of actual driving instruction.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. According to the Department of Public Safety, the proposed law will require 40 hours of overtime for the Information Services Section at an average cost of \$32 per hour (\$32 x 40 = \$1,280) plus associated Medicare expenses (\$1,280 x 1.45% = \$19), or a total of \$1,299 in personal services expenditures. The legislation will require coding updates to the Louisiana Department of Public Safety Licensing Issuance System. The Legislative Fiscal Office believes that any additional IT work associated with the proposed law will be incremental in nature, and that the Department can potentially accomplish these tasks utilizing existing resources and budget authority. To the extent that numerous pieces of legislation are enacted that require additional programming efforts, the Department may require additional resources, potentially from SGF or SGR.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
